Topics for Future Conference

Do you feel the conference provided sufficient opportunities for networking?

Comments (in general on front of survey):

- Wants updates
- Wants to be on CICA's mailing list (2)

- Some audience comments were too personal and should of been cut-off sooner, because it took away from panel discussion or should have been redirected to a positive relevant solution
- Should have handouts in Spanish; it is excellent information for Advisory Board members who speak Spanish (How to be an effective Advisory Board and how to work with our Public Authority)
- Please prepare hot water for tea

Comments under “I would like to suggest the following modifications:”

- Room was freezing I the rear, bathroom poorly heated; more participation, maybe small group problem solving think tanks – could not see or read the board, hard to hear (2)
- Talk of different counties
- Less time on history (handout use for this)
- Some speakers from audience spoke to long, limit time
- Hot lunch if possible
- Morning and afternoon breaks
- Provide a raised platform for presenters so they can be seen
- Share AB newsletters
- No side conversations while presenters are speaking
- No personal griping or complaining
- Bigger room with microphones
- More Advisory Boards represented

Comments under “Ideas for future conference topics and/or speakers:”

- More solidarity
- State Representatives (2)
- Include speakers about different (or more diverse) ages or young children/adults and disabilities like autism
- Policy makers
- Recruiting low-wages workers
- Break into smaller groups where different AB members can share their trials and tribulations serving their board
- Include Hispanic translators
- Stop silo’s and begin to speak about our common cause for future enhancement
- Choose specific bills/issues and create a real action plan that everyone participates in and knows how to execute the unified plan before leaving
- Interactive theatre role playing typical situations we face
- Include other disabilities and age advocates
- Legislators and resources to help our ages in changes
- Education Board of Supervisors on how IHSS really works and how IHSS providers are funded

Comments/questions under “Did you have questions from the conference that have not been covered? If so, what are they”?

- How to activate an IHSS A/C when county refuses?
- CICA talks about “new blood” yet I feel inadequate due to so much information presented that I do not get learned.
- Thank you for all your hard work!
- No, I knew all the info, I was here to network mostly and I made sure I did.
- Include supervisors or representatives or senators
- Managed Care
- Can we publish every newsletter from every Advisory Board on CICA’s newsletter?
- I am the chair of the marijuana advisory board.
